Dear Esteemed Colleagues and Seniors,

I have always been inspired by a famous quote - Perfection is not achieved completely by anyone in the world. But if a person keeps chasing perfection, somewhere on the way, he or she may catch Excellence. This reminds me of a story, which I would like to share:

An elderly carpenter was ready to retire. He told his employer-contractor of his plans to leave the house building business and live a more leisurely life with his wife. The contractor was sorry to see his good worker go and asked if he could build just one more house as a personal favour. The carpenter said yes, but in time it was easy to see that his heart was not in his work. He resorted to shoddy workmanship and used inferior materials. When the carpenter finished his work, the employer handed the house key to the carpenter. "This is your house," he said, "my gift to you". The carpenter was shocked! If he had only known he was building his own house, he would have done it all so differently.

So it is with us!! We often build our own lives, putting less than our best into the building. Then with shock we realise that we have to live in the house we have built. If we could do it over, we'd do it differently. But we cannot go back. We are the carpenters. Each day we hammer a nail, place a board, erect a wall. 'Life is a do-it-yourself project', someone has said. Our attitude and the choices we make today, builds the 'house' we live in tomorrow. Remember, always follow perfection.

MARCH 2019 @ EIRC

I feel quite excited to share that each day and every moment, we are working towards achieving our vision @ EIRC for the year 2019. A 360 degree approach is being proposed to be taken towards the initiatives for both members and students. The topics for all our programmes are being very carefully chosen. It is directed towards building & honing capacities and also towards enhancing overall visibility of our profession. All our professional development programmes have also been widely publicised and covered by both electronic and print media.

Fellowship: WOW-The Treasure Hunt and WOW Colours

I am pleased to share that brands like BMW, Urbana, Amazon, Kotak Bank, WOW Momo, Heartfulness, Westland, Shyam Tea, Showblizz, Fizz, Travel Point, 91.9 Friends FM and many others joined hands with us for celebrating Women's Day titled as Women On Wheels-The CA Treasure Hunt. The festival of colours Holi and Dol Purnima was also celebrated with lot of fanfare. I convey my heartfelt thanks to the President/Convenors & Members of ACAE, BBD BAGH, CKSCA, DTPA, VIEWS, VIPCA, VITTA & SOUTH CITY CA and other Study Circles for joining hands with EIRC in organising these fellowship events successfully and making it memorable.

Representation before Relevant Authorities

During the month of March, we made representations before the Principal CCIT, West Bengal and Sikkim and also the School Audit department on various issues including those impacting the profession. The details are being separately uploaded on the website of EIRC.

Orientation Program

On 28th and 29th of March, a residential orientation program of all the MC Members of 13 Branches along with EIRC members was organised at Uluberia near Kolkata. Around 60 MC members from all the Branches attended and benefited by participating at the same.

Felicitation of President and Vice President, ICAI & Interactive Session

EIRC was also privileged with the visit of CA Prafulla P Chhajed, President ICAI and CA Atul Gupta, Vice President ICAI, during the orientation event of the EIRC and its Branches during the month. EIRC, its vibrant study circles and the Members and Students felicitated them. The felicitation ceremony was also preceded by an Interactive Session wherein both the President and Vice President

took feedback from the members and students and also answered their various queries relating to professional development.

STUDENTS

There is never enough that we can do for our students, hence they will remain the focus of all our activities this year. The youth of today will be the leaders of tomorrow. Our students deserve adulations for having chosen the right path to their career. In the fast paced economy, it is utmost important that both, tangible and the intangible skill sets needs to be honed, developed and made visible. I personally feel that communication and presentation ability is vital. We at EIRC have plans in this direction and the same shall be rolled out shortly.

360 DEGREE FEEDBACK

EIRC looks forward to your valued suggestions and all round feedback towards our endeavours. Through this newsletter, for the first time in the history of EIRC we have also presented few good articles on different professional interest through use of QR Code. I thank CA Sanjib Sanghi, Former Secretary, EIRC for his support and guidance for the same.

Friends, life is like a river which ultimately confluences with an ocean. Each step is towards a larger objective of well being and taking the Institute to newer gigantic heights. Nothing stays with us. What remains with us is the fond memories of all who make this confluence happen. I solicit your whole hearted support & participation in all the "happenings" at EIRC..
